MOVING

Plans get underway

NOTE from Dwight & Kristi

When you receive this newsletter, Kristi will be in Mexico making the arrangements to purchase the land! There is no guarantee, but we hope that we will have the deed in our hands soon! Preparing for a move to Mexico is no small task- just moving down the street is difficult enough! We have to pack up all our belongings, get the house ready to sell, make the living arrangements in Mexico, purchase the land, and getting permission to start construction. Then there is the ministry; making arrangements for upcoming events and planning the ministry for our first months in Mexico. Please keep us in your prayers!

Enclosed with this newsletter is a response card. We are still short of the funding level we need to accomplish the vision, and we are looking for people willing to help us get the word out about this exciting ministry.

Setting up SHOP

Items we are currently looking for:

- Well Pump & Tank
- Dishwasher
- Propane Water Heater(s)
- Copy Paper
- Another Small Power Panel
- Windows & Doors
- Toilets, Sinks & Showers

Sweet or not? Trying a piece of cake or pie in Mexico is a little different experience. They are delicious, but Mexican deserts are just not as sweet as their counterparts here in the US. And you can forget getting a recipe!

What's to Love about Mexico?
church services five nights a week - **less debt** - priority on people - **great parties** - families staying together at all costs - **volunteers whenever you need them** - great food - **high fashion** - few divorces - **low cost healthcare** - child protection services - **people open to the Gospel** - ROMANCE!

Phone Calls and trips to Mexico keep us connected with the pastors until we arrive there in a few months.

Buying the Land!

As American citizens, we cannot directly own the land for the Ministry Center. The best solution is to put the land in a Mexican's name, and set up a

trust to protect everyone. Fortunately for us, we have a real honest-to-goodness Mexican in the family, Kristi's sister. Suki Kangas (shown here) was born in Sonora 13 years ago. With her help, we hope to purchase the land this week!

Pastor Highlight

Pastor Natividad has things a little harder than most- he is blind & his wife of many years passed away. He

continued to live in his small home and pastor in a small town called "Lopes Mateos." (With no church building) Last December, he announced that he was engaged! He is now concerned about how he will support his new wife, and fears that he might need to give up pastoring and move to the city to find a job. Please pray for Natividad, his new wife, and that he could stay in the ministry.

Building Plans

Initial building plans have been sent to our Mexican architect and he is working on official permission to build. Dwight is working on the plans for the center. You can see design plans next month!
