NEWS

on the new Pro-Vision land

Guadalupe Morales, Christian lawyer & Evangelist

What an amazing trip! (Kristi's whirlwind trip- with the help of her parents)
Mon 10am mtg w/ realtor: we cannot purchase this week as thought, but have to wait 2 more months. **3pm** mtg with Christian lawyer- we hire his services **Tues** waiting all day, no news **10pm** mtg with lawyer- the land doesn't have the well and electricity as we thought & too high a price. We ask him to search for more land in same area. **Wed 10am** mtg with original realtor- he keeps his position that land is good. **3pm** lawyer calls -hired extra men to search all day, has found 10 pieces of land. (none are immediately available to purchase) We drive out to check out new options. **4pm** Lawyer has found one more piece of land while we traveled to meet him. It is less than half the price and larger. **5pm** connect w/ Ejido president **6pm** Mtg with owner. Lawyer negotiates great price. **10pm** procure enough cash for purchase and fees **Thurs 9am** mtg @ lawyers office **11am** mtg @ Huatabampo municipal building **12pm** waiting while lawyer obtains all signatures needed (children of the past owner) **3pm** official signing and purchase of land **7pm** head for home

Great location on main road, 5 minutes from Huatabampo, over 9 acres, total cost including fees \$7500 (instead of the \$17,000 expected) Since purchasing land we have put a fence around the whole thing for only \$1600. The well and electricity are next in line. Praise the Lord!

Move Date: April 18th

Can you believe we only have 48 days left living here in the Northwest, and only 31 days till Dwight's last day on the job? We spend the first week in April in Mexico and the second week up here saying 'goodbye.' We are so excited about our impending move to Mexico! The packing is in full swing, as well as the moving arrangements on both sides of the border. Please note our new address: we will not be on Bryan drive for much longer!

“We are so excited!”

Phase 1 of the construction in May will start small, but to know where to put the first buildings, we need design plans for the larger dream: a ministry center laid out like a small Mexican town! We took different colored sticky notes and

design work

(cont.) made buildings, roads, and parks (all to scale) and pieced together a layout idea. This is where we are asking for your help: we need some more creative ideas! Included in this newsletter is the list of facility and ministry needs, as well as a plot of the land. We know that there is a lot of talent out there for design ideas- big and small. Your input can make a difference in the layout of the future Pro-Vision ministry center. Will you help?

culture tip:

Where will you find most everyone in Mexico on **Easter** weekend in Mexico? At the beach! Some go for a whole week, and others just the weekend. It is one of the major celebrations of the year for Christians and non-Christians alike.
