A Note from Dwight & Kristi

WOW! What a year. We are living in Mexico, our house is almost ready to move into, ministry is flourishing and we are home in Oregon for Christmas! The really exciting things are the ministry opportunities. This year should see us continue to build the ministry center, expand our reach to thousands more kids, begin a regular program to encourage and equip pastors, and further identify needs. This really would not have been possible without those of you praying for and supporting us, we really appreciate it! Thanks also to those who came to visit and minister with us! But most of all, thanks to God who has given us this wonderful opportunity and is providing all our needs.

Culture Tip

Shooting in the New Year! Many Mexicans enjoy ushering in the new year. All sorts of fire crackers are useful for making noise, as well as lots of fireworks, lights, and parties. The fun one is all the guns that get shot into the air. As midnight strikes on new years eve, you can hear guns going off in cities all across Mexico. The scary ones are the automatic weapons! So... stay indoors next time you're in Mexico on New Years Eve!

*vision matters

“Promoting Vision & Equipping the Saints”

Keeping the Vision is very important to us because it helps us stay on track with the ministry even while surrounded by overwhelming needs. What is our vision? ...to encourage & support the “Body of Christ” in Mexico. Our main focus in this vision is on their **spiritual** needs- vision, excitement, focus, determination, growth, etc. The secondary focus in this vision is on their **physical** needs in regards to the body of Christ in Mexico- Bibles, tracts, curriculum, church promotional materials, church buildings, parsonages, etc.

ProVision ministries works with all denominations within the Christian church. The pastors are a major focus because they are leading the church in Mexico. Just turn the page to see specific projects that put this vision into action for 2006!
