# Freedom Blessing

We are so blessed to have the freedom to worship and serve God full-time here in Mexico. Thank you so much for your prayers and financial support that make it possible. We also enjoyed celebrating with the whole country in Mexico's freedom on Sept 16th, their Independence day. The Christian community gathered for delicious traditional food, music, and fun. They welcomed us warmly to celebrate with them and we were even able to participate. (Check out the photos at right, as well as a video of the event on our new website, [www.pro-vismex.com](http://www.pro-vismex.com)!) This month has also been busy as we put together a new evangelism CD, printed lots of flyers and curriculum, continued in the task of writing curriculum (PRAISE GOD THE FIRST QUARTER IS DONE,) planned next year's overall children's ministry, continued with the roof construction, and put together the new website.

Pastor Dionisio is shown here recording a short message for the evangelism CD. Yes, he does have a black eye from a construction accident. Speaking of his construction, they are putting up the roof on their second story church next week!

This pig caught our eye as we parked our car and headed for the Independence day party. I think maybe because it had such a large snout!

This month we put together a compilation CD of music from the area, and short thoughts from the local pastors. It's an evangelism project where the pastors will be asking their church members to buy CDs to give away to neighbors and unsaved people around them. We will sell them for .50 cents each.
